Trim Options

Trim Level 1

The basic trim level of the Harbour Series features flat panels with square edge overlays, creating a true Craftsman style.

Trim Level 2

The second trim level is elevated to tongue and groove inlays with square edge overlays to create a look with more depth and texture suitable for any style New England home.

Trim Level 3

The third trim level adds profiled edge overlays and optional bead-board design, with a build quality and appearance unrivaled by any other garage door.

Tongue and Groove available in 4-1/4" or 5" spacing.

Custom overlay board sizing available.

All 3 trim levels of the Harbour Series include True Divided Windows with custom window designs, including custom arches. All glass in the Harbour Series is 1/8" tempered. Upgrade to 1/2" insulated glass or polycarbonate for impact resistance!
